NEWS OF THE DAY.

With only the glare from the coke oven fires to guide their movements, four men fought a bloody double duel with knives at the plant of the Brownsville Coke Company near Uniontown, Pa., yesterday. With a crowd of spectators urging them on the desperate men parried and lunged with their weapons until John Jones fell with a deep thrust though his abdomen and another through the right lung. John Bokoff, another of the principals, a few minutes later, while fighting desperately with his antagonist, gave a queer sob and crumbled up. When spectators picked up Jones, he was dead. Bokoff was mortally wounded. The police arrested four men who were held on a charge of being suspicious persons and as witnesses to the duel.

Frederick Nye, twenty years old, who, with a companion, robbed and murdered Harry E. Miller on February 11, 1912, paid the death penalty in the Northumberland county, Pa., jail yard yesterday. Nye went to the gallows with a smile on his face and showed no trace of fear.

The Federal grand jury at Indianapolis, Ind., yesterday indicted Harry Jones, secretary-treasurer of the International Association of Bridge and Structural Iron Workers, and George T. Davis. The latter confessed numerous jobs of dynamiting in the east and implicated Jones. The indictments contain two counts of transportation of explosives in interstate commerce and setting the various places and dates.

Immediate franchise by a federal amendment was demanded in passionate speeches before the National American Women's Suffrage Association in Masonic Temple in Washington Monday night, until high wave of excitement was reached at the reiteration of Dr. Anna Howard Shaw, of Susan B. Anthony's famous challenge, "there are two methods to win freedom; one the civilized method of the ballot, and one the barbaric method of the hatchet" If the ballot fails, there remains to women only the barbaric method of the hatchet."

It will take $1,108,000,000 to run the government in the fiscal year that will begin on July 1, 1914, according to the annual estimates submitted to Congress yesterday by the Secretary of the Treasury. Increases are noted in practically every branch of the public service. Millions additional are required for the army, navy, rivers and harbors, public buildings and other public works.

A succesful new method of curing typhoid fever is announced in Paris by Doctors Jesus and Bellar. It is called auto-vaccination. A culture of bacilli is made from the patients own blood. After two days the culture is sterilized by heat Then 200,000,000 germs are injected into the patient three times, at days the patient's temperature is still high a further injection of 200,000,000 germs is made. This treatment is said to have given splendid results even in the most serious cases.

Eleven persons are known to have been drowned and many more are missing as a result of a terrific cluodburst yesterday at Belton, Tex. The greater part of the town is under water. Nolanville and several other nearby towns are flooded, and it is feared that there has been more loss of life in that vicinity. The property loss reaches more than $1,000,000.

The downfall of the French ministry is practically assured following the government's defeat in the House of Deputies yesterday when the members by a vote of 290 to 265 failed to give the government a vote of confidence on one of its financial proposals. The proposal was regarding the immunity of government land stocks from taxation.

FIRE BREAKS OUT IN BOSTON HOTEL

Thrilling Scenes When The Flames Cut Off Escape of Guests.

TWENTY-SIX ARE DEAD

Nearly Two Hundred Men Crowded in Tiers and Bunks—Said to Have Seen Work of Incendiary.

Boston, Dec. 3.—Twenty-six dead, three perhaps fatally injured, dozens of men driven naked and burned to the roofs and into the streets, was the toll of a fire-trap horror in the five-story Arcadia lodging house at 1202-6 Washington street, early today.

Fire escapes at the rear, tells the story. Twenty-four charred bodies, burned beyond recognition, were carted to the morgue today. The body of a colored man who jumped was picked up on the pavement. George F. Adams, of South Boston, who died at the City Hospital, was the only identified victim.

More than fifty naked men were taken to the nearest police station. When the firemen arrived thirty of these stood, sihoutted against the burning flames of the roof. Most of them were saved by the use of scaling ladders.

The five story brick "hotel," packed nightly with tiers of sleeping men, had fire escapes only at the rear. These were woefully inadequate and could not be reached. The fire started in the lower hall and shot upward, cutting off retreat by stairway on each floor. The second floor of the building was given over mainly to offices. On the next floor were small sleeping rooms fitted with cots. Above were still smaller rooms, and the top floor was fitted as a dormitory in which there were rows of bunks, more closely packed together than those of coast steamers, according to the police.

A lodger seized a mattress, wrapped it about his naked body and leaped from the fourth floor. He suffered only a few bruises, dropping forty-eight feet to the ground.

Lodgers who escaped today declared they believed the fire was of incendiary origin and was started by a man who was refused lodging last night.

RAINBOW SUPPER.

Arrangements are about completed for the "Turkey Supper" to be served in Christ Church Parish Hall Thursday, November 4th, from 5 to 8 p. m. The decorations are unique, the turkey supper will be good, and the tables will be served by a bevy of Alexandria's attractive young ladies.

ASKS FOR DIVORCE.

Cruel and inhuman conduct are the grounds upon which J. Walker Williams, a printer, of 1329 Ninth street, yesterday sued Helen Williams for a limited divorce. Plaintiff alleges that defendant refused to cook meals for him; that she absented herself from their home and when asked by him for explanations answered in profane language; that she frequented barrooms; that she attempted to stab him with scissors. Plaintiff says he is in fear of his life. They were married at Alexandria, July 25, 1911.

FALL OF HUERTA MATTER OF TIME

President Wilson Will Confer With New Ruler of Mexico.

READY TO MAKE LEAD.

Foresees Victory For Constitutionalists in March on Mexico City —Will Hold Conference.

Washington, Dec. 3—Foreseeing an early collapse of the Huerta regime in Mexico, President Wilson has already mapped out the course he will pursue as soon as the rebel forces have taken the City of Mexico.

Under this plan the success of the revolutionists will be followed up immediately by overtures from the United States to General Carrana, or whoever might be selected by the conquerors as the temporary ruler of Mexico for an immediate cessation of hostilities.

Through Charge O'Shaughnessy, President Wilson will propose a conference of all the leading men of Mexico, business men as well as military leaders. From this conference he would expect to be evolved a plan for the early establishment of a permanent government and an immediate resumption of business and farming.

If this plan is carried out by General Carranza and his followers, there is little doubt but that the United States will be the first of the foreign nations to formally recognize the new government, and by advice and financial aid, through its bankers, exert its utmost to waken to life the smothered industries of the country and persuade the soldiers to throw aside their rifles for farming implements.

President Wilson is confident, it is said, that his actions will be backed up rigidly by the other foreign nations, who, it is expected, will not be as precipitate as they were when Huerta assumed control, in recognizing the new government, but will follow the lead of the United States

IN MEMORY OF DR. NEVITT.

Services Held in Pohick Church on Last Sunday.

A service in memory of Dr. Napoleon Bonaparte Nevitt, for over 50 years an honored and beloved physician of Fairfax county, and for 30 years a vestryman of Pohick Church, was held in Pohick Church on last Sunday. Col. R. E. Lee, Jr., of Ravensworth, Va., made a beautiful and most appropriate address. Colonel Lee stood in pew No. 6, which is a memorial to Martha Washington, erected by General Custis Lee. Colonel Lee reminded the congregation of Dr. Nevitt's long and faithful service to them and in many cases to their fathers before them as a general practitioner, of his unfailing kindness, courtesy and charty, and of his four years' faithful service in the Confederate Army. At the conclusion of the services, the congregation and the rector, the Rev. Dr. Evard Meade, repaired to the cemetery, where, after the singing of a hymn and prayer, a monument was unveiled to Dr. Nevitt's great nephew, Samuel Nevitt Smoot, who represented the fifth generation of the Nevitt family in Fairfax county.

The monument bears the name of Dr. Nevitt and his wife, that of his father, Dr. Thomas Nevitt, and his wife, and his grandfather, Mr. Wm. Nevitt and his wife. The latter came to Fairfax county in 1826, where he resided until his death in 1875. A sumptuous lunch was served by members of the family in Hearst Hall.

HIGHWAY FROM QUEBEC TO MIAMI

President Hadley Describes Great Proposed International Highway.

WORK IN THE STATES.

Re-Election of Head Who Has Labored Assidiously in Movement—Greatly Encouraged.

Richmond, Dec 3.—Though the attendance was small, the meeting yesterday afternoon of the Quebec-Miami International Highway Association was interesting and enthusiastic, and the glowing account of the progress given by President Howard D. Hadley, of Plattsburg, N. Y., was received with applause. Officers were elected, and addresses were delivred by men of the various States through which the great road runs. The members of the A. A. A., which had invited the Quebec-Miami International Association to hold its meeting here disappeared when the latter convened.

It was in Richmond, said Mr. Hadley in his report, that the project to construct a great highway between Canada and this country took form and was developed two years ago, and since then it has gone far towards completion. He said that if there had been a modern stone highway running through and connecting the North and the South in 1861, there would not have been a war, for one section would have understood the other. He stated that most gratifying progress had been made in the 2,500-mile road, and that remarkable work had been done in Virginia.

A communication of regret of his inability to attend was received from Franklin D. Roosevelt, Assistant Secretary of the Navy, and letters and telegrams of regret were received from many others.

President Howard D. Hadley, of Plattsburg, N. Y., was re-elected.

SUFFRAGETTES INCENSED.

Say President Wilson Has "Failed to Rise to the Sublime Heights of Democracy."

Chagrined at President Wilson's failure even to mention the development of the equal suffrage movement in the United States, and the extension of votes to women in nearly one-fifth of the States of the Union, in his annual address to the Congress, 1,000 members of the National Woman Suffrage Association, now in session at new Masonic Temple, in Washington, last night passed, amid rousing cheers and the waving of handerchiefs, a resolution criticising the President, and declaring that he had missed the opportunity of his life.

The resolution, which was framed and presented by Dr. J. William Funk of Baltimore, was presented at the end of the night's session. Dr. Frank suggested an immediate vote amid cries of "yes" and "vote," "vote." The resolution was as follows:

Resolved, That it is the sense of this convention that President Wilson failed to rise to the sublimest heights of Democracy when he failed in his message to Congress today to recommend the freedom of half the citizens of the United States and probably half the citizens of the civilized world."

Large and Appreciative Gathering in Norton Memorial Hall

The concert by the members of St. Paul's Church, which was given last evening in the Norton Memorial Hall on Pitt Street, was a great success in every particular and proved a real treat to all music lovers. Police After Slot Machines—Some Schemes Violation of Gambling Laws

Since the production in the Police Court a few days ago of cards bearing numbers which, it was alleged, was a game of chance whereby cakes might be won, and the admonition given by Justice Caton to a baker who had been cited to appear, the police have been investigating other devices in the shape of slot machines, etc.

It is charged that in some cases parties dropping nickles in slots do not receive an equivalent in goods, and the articles which are drawn are generally of no use to those who risk their money.

The police will, in future, cite all devices, in violating of law, are placed chines to appear in court and show cause why they should not be fined for gambling.

At this season of the year different devices, in violating of law, are placed in certain places in order to intice youngsters to risk their pennies or nickles. Where it can be shown that persons who drop money into such devices receive an equivalent in goods there will be no liability, but where chances are taken the law will be enforced against all offenders.

NEIGHBORHOOD ROW.

War of Words Between Women Attract Large Crowd.

A crowd of over one hundred persons gathered on Princess street, between Patrick and Henry, about half past three o'clock yesterday afternoon, where a war of words was in progress between neighbors. No blows were passed, but the clamor was exciting until Officer Nicholson appeared on the scene when conditions became more tranquil. One of the participants was cited to appear in the Police Court this morning, but the case did not come up, the parties to the dispute not relishing the idea of their troubles being aired before a crowd.

NEWS OF THE OLD DOMINION

CHICHESTER TO SIT IN CASE.

Governor Designates Judge to Hear Norfolk Contested Election.

Richmond, Dec. 3.—Judge R. H. L. Chichester, of Fredericksburg, was designated by Governor Mann yesterday to hear the Norfolk contested election case, in which Judge Allen R. Hanckel thought it improper that he should sit. The special term for the trial of this case opens on Thursday, and the decision of Judge Chichester is final. The case is in the style of Leon C. Steel and others against James V. Trehy and B. Gray Tunstall.

On the face of the returns in the recent election, James V. Trehy was re-elected clerk of the Corporation Court by a majority of ninety-three votes over Richard W. Peatross, candidate of the Citizens' party. B. Gray Tunstall was re-elected on the face of the returns by a small majority over P. C. Stanworth, candidate of the Citizens' party for the office of city treasurer. The Citizens' party elected its candidate for Commonwealth's Attorney, O. L. Shackelford, defeating John G. Tilton, incumbent, nad the Citizens' party also carried its ticket for the House of Delegates over the old-line organization of Trehy faction.

Shortly after the election fraud was alleged in the method of voting, and the Citizens' party asked permission to examine the poll books to see who had voted in the election. Mr. Trehy, as clerk of the Corporation Court, had the books in his opponents access to them. Appeal was made to Judge Hanckel, who decided the books were public property. Mr. Trehy appealed to the Supreme Court, which decided against him, holding that the books containing a list of those who voted were public records. As the books do not show how one voted, there is no violation of the result ballot, while a public inspection of the list of voters, the court held, is a safeguard against fraud.

WILL TEST TAX CASE.

Virginian Line Files Suit in Chancery to Decide Rolling Stock Fight.

Norfolk, Va., Dec. 3.—The Virginian railway has filed suit in chancery here to have the court settle the question as to whether railroads in Virginia shall pay their taxes on rolling stock all to cities in which home offices of railroads are located, as under the old Virginia statute, or twenty-five per cent. of this tax to said cities with the remaining seventy-five per cent to counties and cities through which trackage of railroads runs in proportion to the value of said trackage under a new and later statute.

The Virginian railway, under the old law, would pay to the city of Norfolk $37,938.33. It paid to the city collector $9,484.58, which the city is bound to get and the balance of $28,453.75 was paid into court until the supreme court of Virginia decides the question.

The case is a test one that will affect all railroads in Virginia.

WILL FIGHT WAGE OUT.

Washington Navy Yard Machinists to Protest Against Suggested Reduction.

Committees representing 4,000 machinists in navy yards of the East, will confer with the Secretary of the Navy this month, to protest against the recommendation of a wage board that there be reduction of eight cents in the present scale.

Representative of the 2,000 machinists at the Washington Navy Yard will see Mr. Daniels December 18. They will urge the retention of the present scale, adopted several months ago. N. P. Alifas, of Columbia Lodge of Machinists, of this city, said yesterday in discussing the proposed reduction:

"We are not asking the government for a flat rate, but we do believe that we are wholly justified in requesting that the minimum be raised in the various yards, with the exception of Washington, of course, where we received the raise last July.

"Committees from the various yards have investigated conditions in their localities thoroughly, and our claims are based on what is paid machinists in enterprises that demand the skill required in the navy yard."

TO BE TRIED FOR MURDER.

Clara Holmes and Etta Brown, Both Colored, Indicted for Killing Girl.

Fredericksburg, Va., Dec. 3.—Clara Holmes and Etta Brown, two negro women, were indicted in the circuit court of Spotsylvania county Monday afternoon on the charge of murdering Rebecca Holmes, a girl of their own race, who lived near Summit.

Page Finney, charged with a misdemeanor, will not have to stand trial, as he was not indicted, the evidence not being sufficiently strong against him to warrant a true bill.

The women may not be tried at the present term of court, as Judge R. H. L. Chichester will go to Norfolk within a day or two to sit in the contested election case of R. W. Peatross against James V. Trehy, clerk of courts.

TRAP THREE IN RAIDS.

Big Haul Made by Chapman Force in Cleverly Planned Round-up.

Norfolk, Va., Dec. 3.—Four raids by revenue officers made simultaneously in Henry and Carroll counties early one morning last week resulted in th capture of three moonshining mountaineers, the seizure of a quantity of illicit spirits, and the destruction of three distilleres. The trio of captives—Elijah Stone, Sam Moxey and J. R. Foster—were brought before United States Commissioner English at Rocky Mount and remanded to jail in default of bail for trial in the district court. Official report of the raids was received yesterday by Revenue Agent Chapman.

Operating out of Hillsville, on the same day, Deputy Collector J. P. Hurt succeeded in raiding one distillery, and capturing a load of unstamped whisky with the aid of Sheriff Worrell, of Carroll county. Near Little Flock Church, a two-mule wagon, containing two barrels of whisky, was driven into the trap set by the officers and was captured. Two shots were fired by the mountaineer in charge of the wagon. He had to abandon the horse he was riding, but made good his escape..

The officers captured two barrels of whisky, two mules, one horse, a big wagon, a saddle and a quantity of harness. The whisky and the other prizes were driven back into Hillsville.

Sheriff Worrell, with a small posse, discoverd and captured a copper still near Dug Spur, Carroll county, on the same day. This was carried into Hillsville and turned over to Deputy Hurt for destruction.

Death of Byrd Marion.

Roanoke, Va., Dec. 3.—Byrd Marion, who came into considerable notoriety as a result of the Hillsville tragedy, when the Allens shot up the Carroll county courthouse, is reported to have died Friday in the federal prison at Moundsville, W. Va.

Marion was only recently convicted of illicit distilling and sentenced to a term in the federal prison. He owned a good farm about ten miles from Mount Airy, N. C., and accumulated some money. His wife died three months ago, just before he was sent to prison.

Marion leaves three small children. He was about 40 years old and had not enjoyed good health for some time. It is thought that imprisonment hastened his death.

Fulwiler Resigns.

Staunton, Va., Dec. 3.—R. A. Fulwiler, United States marshal for the Western District of Virginia, has forwarded his resignation to the President to take effect as soon as his successor can be named, giving ill health as the reason for doing so. S. M. Donald, doorkeeper of the Virginia Senate, is a candidate to succeed him.

PRESIDENT WILSON'S MESSAGE TO CONGRESS.

President Wilson's first message at the commencement of a regular session of Congress which was read yesterday, is an interesting and practical state paper. It deals, in the main, with the more important issues which face the country at present, and his suggestions are the result of much thought and study. In fact, the document meets the hearty approval of the great majority of the people of the country who gave him their support at the election last year, while it also appeals to the more conservative element in the republican party. The main criticisms of the message comes from the suffragettes now in session in Washington, to whom the instrument is disappointing. The say his excellency in not espousing their cause has missed the opportunity of his life by failing to place democracy upon the pedestal destined for it.

The message fills several columns of the newspapers, but the following are the salient paragraphs:

There can be no certain prospect of peace in America until Gen. Huerta has surrendered his usurped authority in Mexico; until it is understood on all hands, indeed, that such pretended government will not be countenanced or dealt with by the government of the United States.

There is no government in Mexico. By a little every day his (Huerta's) power is crumbling. We shall not, I believe, be obliged to alter our policy of watchful waiting.

I need not say how earnestly I hope for its (the currency bill) enactment into law. I present to you in addition the urgent necessity that special provision be made for facilitating the credits needed by the farmers of the country. * * *We must add the means by which the farmer can make his credit constant.

The immediate service we owe the business of the country is to prevent private monopoly more effectively than it has yet been prevented. * * We should let the Sherman Anti-trust law stand unaltered, as it is, with its debatable ground about it, but we should as much as possible reduce the area of that debatable ground by further and more explicit legislation.

Turn from the farm to the world of business which centers in the city and in the factory, and I think that all thoughtful observers will agree that the immediate service we owe the business communities of the country is to prevent private monopoly more effectively that it has yet been prevented.

No doubt we shall all wish, and the country will expect, this to be the central subject of our deliberations during the present session; but it is a subject so many-sided and so deserving of careful and discriminating discussion that I shall take the liberty of addressing you upon it in a special message at a later date than this.

It is of capital importance that the business men of this country should be relieved of all uncertainties of law with regard to their enterprises and investments and a clear path indicated which they can travel without anxiety.

It is important that they should be relieved of embarrassment and set free to prosper as that private monopoly should be destroyed. The ways of action should be thrown wide open.

We must hold steadily in view their the (Philippine) ultimate independence and we must move toward the time of that independence as steadily as the way can be cleared.

The people of Alaska should be given the full territorial form of government, and Alaska as a storehouse should be unlocked.

I feel confident that I do not misinterpret the wishes or the expectations of the country when I urge the prompt enactment of legislation which will provide for primary elections throughout the country at which the voters of the several parties may choose their nominees for the presidency without the intervention of nominating conventions.

THE RISING CLOUD OF ISLAM.

A year or two ago European papers, in their imagination, saw a menace to the United States in the growth of Japan and the prowess the little brown man manifested in the war with Russia. It was predicted that the island kingdom would seize the Philippine and Sandwich Islands and menace our Pacific coast.

Some alarmists in the United States had their dreams disturbed by reading such productions, but, as time went on, and the people of Japan—that is the representative element—manifested no such bellicose spirit, realizing the great odds against them, the tremors ceased. Such talk has never been regarded seriously by those in official positions in this country nor Japan.

The same papers which saw trouble ahead for the United States now have their attention attracted to the rising cloud of Isham which is causing alarm in many quarters. The recent Balkan war did not dismember the Turkish empire in Europe, as was predicted at the outset, but the small nations which brought on that conflict lost thousands of men and impoverished themselves in fighting the Turk, who has gathered himself and resumed his former position of defiance.

Mohammedanism was founded centuries after Christ by Mohammed, who put his teachings in a Bible he called the Koran, and after converting Arabia to his views, organized his most zealous followers into an army that went out to compel other people to accept his beliefs. Thus Mohammedanism was extended into large sections of North Africa and into the Balkans at one end of Europe and Spain at the other. The Turks, a small tribe, were so warlike that they became masters of all Mohammedans, including the Arabians, and Constantinople came to be their capital. The Christian Church of St. Sophia was taken as their chief mosque. They name as great prophets, Abraham, Moses, Christ and Mohammed.

There are 200,000,000 of Mohammedans in the world, scattered from the Philippines to Gibraltar—a great harvest field reaching through many lands. And it is spreading. This is the only religion that is itself an aggressive missionary force. Unless we more than match its efforts it will win Inida and Africa in place of Christianity. Its zeal is seen in the annual pilgrimage of 300,000 devotees to Mecca, its birthplace.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

SOUTHERN'S PRESIDENT.

Fairfax Harrison Assumes New Duties Today.

Fairfax Harrison, selected Monday by the board of directors of the Southern Railway Company as president to succeed W. W. Finley will come to Washington today and assume direction of the road. Mr. Harrison's home is in Belvoir, Va., but it is expected that he will spend a greater part of his time in Washington City.

At the headquarters of the Southern yesterday it was said that no immediate changes at least, are expected in the officers of the road, as Mr. Harrison has already announced his determination to continue the policies pursued by Mr. Finley.

GIRL TOOK BLAME FOR MURDER

Stepfather Guilty With Her of Killing Sweetheart.

Crowley, La., Dec. 3.—Dora Murff, 18 years old, was found guilty of manslaughter and her stepfather, J. S. Duvall, was convicted of first-degree murder without capital punishment here yesterday. They were charged with the killing of J. M. Delhaye, Miss Murff's sweetheart.

Allie Duvall, the girl's half-brother, was acquitted.

When the verdict was announced by a jury that had been in session most of the night, the slender, nervous Murff girl, who had sought to take all responsibility for the killing, broke down.

Delhaye was slain with a charge from a shot gun as he walked on the street here. Near by was a carriage with Miss Murff and the two Duvalls in it. The girl leaped to the dying Delhaye's side, shot him twice with a pistol, and asserted that she killed him. It was with this statement that she sought to shield her kinsmen, hoping to be freed on the "unwritten law" plea.

The prosecution, however, introduced two witnesses who said they saw James Duval fire the shot gun and it was proved that this charge killed Delhaye.

VOTE TO CHANGE DAY.

Senate Sub-Committee Would Make it Second Monday in January.

Washington, D. C., Dec. 3.—A joint resolution making the term of President and Vice President begin on the second Monday in January instead of on March 4th has been approved by three senators, comprising a sub-committee of the Judiciary Committee. They have submitted a report strongly urging the contemplated change.

Another resolution intended to simplify the amending of the Constitution, making it easier of accomplishment than at present, was also endorsed. It will be recommended to the full committee for favorable action.

The subcommittee that has taken the initiative in supporting these innovations consists of Senators Ashurst, Chilton and Cummins. They have given months of careful study to the suggested changes.

The plan for making the presidential term begin on the second Monday in January and the convening Congress one week earlier was offered by Senator Shafroth, a Democrat.

NEWS OF THE DAY.

Officials of five textile unions of Fall River, Mass., yesterday ordered a strike ballot to be taken tonight by the 35,000 members of the organization. This action was taken following a refusal by the companies to grant a 12 1-2 per cent wage increase. The companies also refused to make a compromise offer. The union leaders say that a strike will be ordered and that the mills will be closed down by Saturday night.

Within plain view of praying watchers from the shore, a four masted schooner is pounding to pieces just off Gray's Harbor Jetty, near Aberdeen, Wash. Five of the crew have been rescued, but the waves are washing over the rest as they hang in the rigging. A terrific storm broke over the coast Monday night, and the vessel was driven on the jetty by the gale. As far as could be told from the shore the vessel was either the Espada or the Balboa. It is believed the men on board are doomed to death. Immense damage has been done along the coast. The jetty north of Aberdeen has been swept away. It cost $1,000,000.

After shooting and killing the cashier of the Palo Verde Valley Bank, at Blythe, Texas, yesterday afternoon, bandits robbed the vaults of the bank of $5,000 and escaped.

Following a number of clashes between police and striking teamsters and chauffeurs and their sympathizers yesterday in Indianapolis, during which one man was killed and five wounded, the Central Labor Union attempted to bring about a settlement of the strike issue. In an effort to prevent further trouble, Mayor Harry Wallace issued an order prohibiting public demonstrations. Loitering is also prohibited. Henry Friedman, a prominent labor leader was arrested on charges of intoxication and inciting a riot. Hundreds of wagons owned by downtown business houses, and guarded by heavily armed employes, who had been sworn in as special policemen, were driver through the streets yesterday.

POLITICIANS START FIGHT.

Elevator in Chicago Courthouse Drops With Them.

Chicago, Dec. 3.—An elevator in the Criminal Court building dropped six stories yesterday with a full load of attorneys, political leaders and men under indictment in the alleged vote fraud cases recently investigated by the grand jury. The men had been in Judge Betano's court seeking a change of venue to Judge Walker. The elevator fell, it is said, because the men engaged in a scuffle as soon as the door closed on them.

Both the Hearst-Harrison and the Sulivan factions of the Democratic party, were represented in the car. Feeling ran high as a result of the pending court battle over the State's Attorney's election.

Fighting words were uttered and fists brandished, it was said. Some one was pushed against the elevator operator, he lost control of the lever and the car dropped. No one was seriously hurt, although bruises were plentiful.
